Subject: Eleanor Slater

Hello, I'm writing this email and praying for help for my son who is a long term patient at Eleanor Slater in Cranston RI.

My son's name is Edward Manni III. He has had a difficult time after he recently went into a coma after having multiple seizures. He is on a machine which helps him breathe and he currently needs total care.

At Eleanor Slater my sons medical needs are met. There is nowhere else In Our state who can provide the care that Eleanor Slater gives to my son. Please help my voice to be heard so my son can have the opportunity to live. I know RHODE Island's state motto is hope. Please don't let anyone take away our hope for our son to live. Please. God bless you.

401-545-4010

Thank you,
Sheshai Lafontaine
